On website: Please see the image above.

Please note: The Event period is usually about 2-3 months.

There are 3 events per year as of now.

Size is fixed, please have your advertisement fit into the size specified and it is visible to viewers/visitors of site.

AKIO is non profit organization so your sponsorships are TAX DEDUCTIBLE.

Please call us for more details.

Yearly adv gets priority over Event wise ads. Bigger in size ads gets priority over small ones, and yearly ones advertisements get shuffled per event. For example adv A, B, C are to be displayed followed by D, E, F for first event in the year, then D,E,F is shown first for next followed by A, B, C. But any given time larger adv (size wise) comes first followed by small size ads.
